

Greater Cincinnati Hazardous Materials Control Committee, Inc

MEETING AGENDA

DATE; 02/20/2014

Call to order and Roll Call

- **Treasurer's Report-** Reviewed financials. Monthly Dues will be sent out next month.
- **WEB-** After Renewals, we will be updating the Web page with contact information and member listing. If your company is not listed, please contact Dave Doerger. EPA will be looking at adding a hyper link to the GCHMCC web page shortly.
- **Trailers-** Trailers are now all in position. One is stationed at Peter Cremer, One at BP Bromely and the third at Procter & Gamble. Combination locks have been added to all the trailers. Combination code can be found in the Member section. Pictures of the trailers and map quest will be added to the web page. Members must sign in / out at each site for the trailer.
- **Elections-** elections will be held May. If interested in running for a position on the board, please contact Mike Doll.
- **LOGO design-** couple of designs have been made one additional logo has been submitted this month. Please submit any art work to Dave or Mike
- **Barry Webb/ Ed Frambes-** FSO training still has a couple spot remaining if interested in attending. Motion brought up and passed for the GCHMCC to sponsor lunch for the meeting. Tier II reports must use the new forms. Old forms will be denied. Electronic filing is preferred if available at your facility.
- **Dale Farmer-** Mill Creek looking at sponsoring a training seminar focused on response teams in the Spring. Trying to minimize disconnect in communications between groups and more stream line approach.
- **Coast Guard-** Open forum meeting coming up asking for any and alls participation. The New Captain will be present to meet the group and discuss any concerns. Security plans for the year are due. Asking for a 60 day submittal before they are due if available. Give them ample time to evaluate and respond. Spot Check inspections going on. Restricted Areas and fences are two areas of focus. With recent incidents on the river, asking people to double check mooring lines on barges.

- Guest speaker Rick Maier with the FBI for WMD. There will be a Chemical Outreach Day on May 7<sup>th</sup> that we will forward the flier to once we receive it.

Next meeting is held March 20th,

SAFE MONTH AHEAD.
