Public Affairs-

Fire Drill

Thanks to Transmontaigne and FES for setting up this years fire drill once again.

Process for extinguishing a fire is first determine the situation and a exit plan. When first picking up a fire extinguisher test the cylinder by squeezing the trigger to disperse chemical. Walk up to the fire waving the wand back and forth and aiming at the base of the fire. When completed exit the location while facing the fire.

Oct we will have our meeting on the 20th.
